Dear PACE Member,

It’s wonderful to partner with you in keeping students and schools safe! At PACE, we’re always on the lookout for smart ways to provide the most reasonable rates and comprehensive coverage to help our members protect what matters most—our students.

Our unequaled price and coverage options, and our size and stable financial base, give us the flexibility to address member needs quickly while maintaining stable rates year after year.

PERSONAL SERVICE
Coverage documents, reinsurance policies, underwriting guidelines, claims adjusting services, loss control programs and training opportunities are all designed to fit the risk management needs of Oregon’s public education organizations.

PACE plans are occurrence based, which means they cover claims that happen during the term of the indemnity agreement regardless of when reported. PACE Liability Coverages protects members against loss from risks such as playground accidents, auto accidents and employee misconduct.

EXPERTISE AND EXPERIENCE
The Oregon School Boards Association and Special Districts Association of Oregon formed PACE in 2006 to serve the unique needs of Oregon’s public school districts, community colleges, education service districts and charter schools. PACE now insures more than 290 education members. Staff members are well versed in Oregon and federal law and are backed by the best school lawyers in the state.

No one can match the expertise and experience that SDAO and OSBA bring to property-casualty insurance.
