

# NSBA Center for Safe Schools–Alertus Grant Program

Alertus will provide a comprehensive emergency preparedness system complete with software and hardware to one qualified school district recommended by NSBA. To be qualified for this grant, a school district must be in good standing with their state school boards association. The estimated total value of the Alertus Grant package ranges from \$50,000 to \$75,000 depending on the size and needs of the chosen organization.

Please complete survey in full to be eligible for this grant.

Total Number of Students Enrolled in District

1. What has your district done previously to prepare for emergency situations? Have you used a mass notification system before and what was your experience? If so, please describe both successes and struggles with previous systems. \*

2. What is the current state of your emergency preparedness program (total dedicated staff, training program, infrastructure, etc.)? Please include an assessment of your unmet needs as well as physical, social, environmental and economic vulnerabilities. \*

3. Explain which needs you are hoping to address immediately and why you would not be able to meet these needs without a grant opportunity. \*

4. How would the Alertus Grant help you to improve your district's emergency preparedness plan? \*

5. If all budgetary obstacles were removed, how would you equip your district to be a disaster-resilient community? What types of systems, software, and or hardware would you need to create the safest place for your community members? \*
