

# BLEACHER INSPECTIONS

<b>DATE:</b>	<b>LOCATION:</b>
<b>PERSON(S) CONDUCTING SURVEY:</b>	

## GENERAL CONDITION

CONDITION	YES	NO	RECOMMENDATION/ ADDITIONAL INFO
Confirm that bleachers are stable.			
Ensure adequate bearing on the floor or ground for uniform load support.			
Look for signs of attempted arson (wood bleachers) or other vandalism that may impact the safety of the bleachers.			

## FASTENERS & COMPONENTS

CONDITION	YES	NO	RECOMMENDATION/ ADDITIONAL INFO
Check that all nuts, bolts, and fasteners are present, tight, and corrosion resistant.			
Inspect for broken, damaged, deteriorated, or missing components.			
Verify welds are intact with no cracks.			

**BLEACHER INSPECTIONS**

**GUARDRAILS & SAFETY BARRIERS**

CONDITION	YES	NO	RECOMMENDATION/ ADDITIONAL INFO
Guardrails must be present on open sides, backs, and ends where seating is 30 inches or more above the ground.			
Ensure guardrails are at least 42 inches high and openings do not allow a 4-inch sphere to pass through.			
Confirm that guardrails and handrails are secured, stable, and not missing any hardware.			

**SEATING & BOARDS**

CONDITION	YES	NO	RECOMMENDATION/ ADDITIONAL INFO
All seat and footboards should be securely fastened and free of splinters or cracks.			
Check for gaps between sections and adjust so that a 4-inch sphere cannot pass through
