

SAFEOREGON

WHO?

SafeOregon is a way for students, staff, or other members of the public to anonymously report and share confidential information of a threat of a potential threat to student safety.

Trained staff are available **24-hours-a day, 365 days a year** by phone, text, mobile app, email, or website. The main goal of SafeOregon is to intervene at the earliest possible point in the life of a young person who is struggling, helping them when they need it, before the situation turns into a tragedy.

It is a violation of ORS 165.570 to improperly use the SafeOregon system.

WHAT?

SafeOregon allows students to share and respond to anything that threatens their safety or the safety of others, anything that makes a student feel unsafe or if a student knows someone who feels unsafe. A few examples:

Safety Threats
Self-Harm

Violence
Intimidation

Fights

Drugs
Suicidal Ideation

Weapons

Bullying
Harassment

WHY?

SafeOregon became Law through HB 4075 (2016) as a result of recommendations from the Oregon Task Force on School Safety charged with improving safety and security at schools across the state. The task force brought together representatives from police, fire, school administration, teachers, school boards, service districts, and mental health along with the Governor's education and public safety advisors and legislators.

HEAR FROM THE STUDENTS

"Kids should be able to feel safe at school."

- Allie, 5th Grader

FEEL SAFE. BE SAFE.

Welcome to SafeOregon. Schools must be signed up for their students to use these services. It's free for Oregon public and private schools PK-12. Check at your school to see if they are signed up and if not, lead them to SafeOregon.com to enroll and be part of the statewide school safety tip line.
